STORY

I V A N I

He is a loveable Fool. He will stumble twenty times walking on a straight ground, but good things will just happen to him and he will miss them, not even realizing it.

Ivan is a village man, living alone in his little hut. He fishes for food, farms and daydreams.

FISH

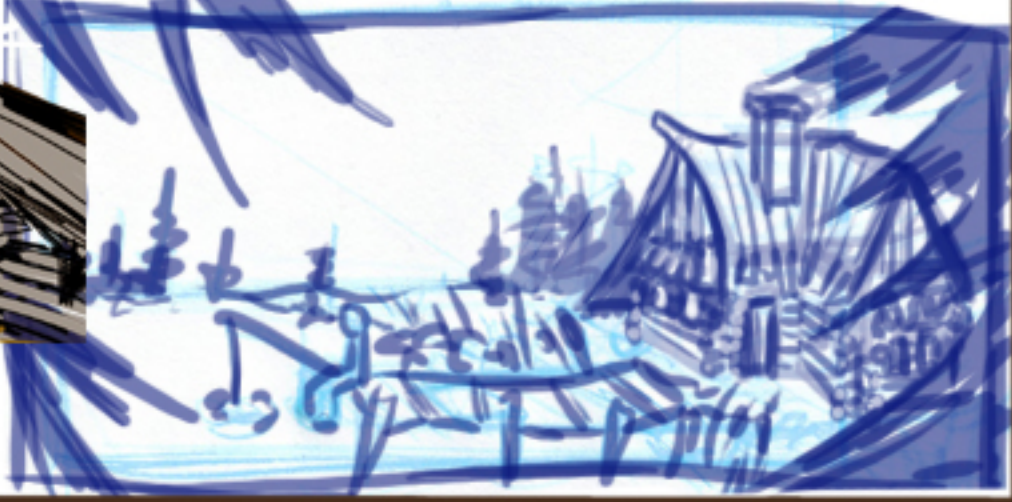

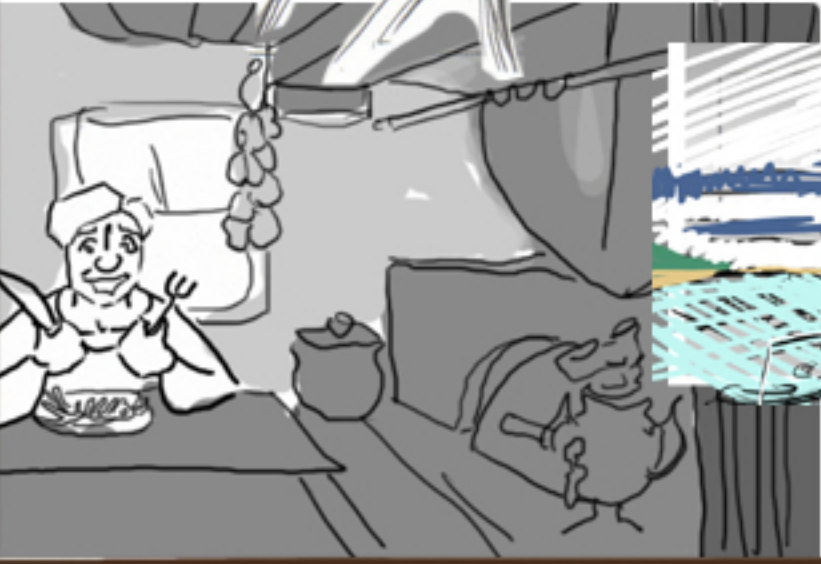

The magical Fish promises Ivan one wish granted in return for freedom. He is a Cossack fish with a moustache, wool hat, pipe and red fins for red boots. He speaks slow and with a thick accent.

DREAMS

What would you choose if you could have one of your wishes granted? Ivan thought of many things. Girls dancing around him, hut turning into a palace, becoming royalty, chests of gold, rich caridges.
